Because I live in the mountains, if the parties live in the judicial district where the case is being heard, i.e. case is in the 18th Judicial District and the parties live in Greenwood Village, then I generally do not charge travel time. If one or both of the parties live in Colorado but more than an hour from the other (and outside of the judicial district), I will charge the time it takes to get from the courthouse to the farther party's home or from my office to their home, whichever is LESS. For relocation cases I do ask for an estimate of travel costs up front. If charging for drive time is required, I generally charge \$40 per hour for the drive time but do reserve the right to charge up to the normal hourly rate of \$200.

I have satisfied the training requirements of C.R.S. §14-10-127.5. **However:**

NOTE ON §14-10-127.5 – Effective May 2023

(a) In all proceedings brought pursuant to title 14 concerning the allocation of parental responsibilities with respect to a child in which a claim of domestic violence or child abuse, including child sexual abuse, has been made to the court, or the court has reason to believe that a party has committed domestic violence or child abuse, including child sexual abuse, the court shall:... Consider the admission of expert testimony and evidence **if the expert demonstrates expertise and experience working with victims of domestic violence or child abuse, including child sexual abuse, that is not solely forensic in nature;**...

There is debate as to what “not solely forensic in nature” means. As a GAL and CFY I have worked with children who have been victims of child abuse. I have been a GAL and CFY since July 2022. As an attorney, I have worked with victims of domestic violence. I have been a contract attorney with Lake County Advocates and Summit County Advocates. I have been a contract attorney with Colorado Legal Services. All clients represented in that capacity, is working with victims of domestic violence. While I do not know if this is what the legislature meant, I do believe I meet the criteria of having experience working with victims of domestic violence or child abuse. I have been found to have the appropriate qualifications by the Garfield County District Court, the Lake County District Court, the La Plata District Court, the Mesa County District Court, the Moffat County District Court, the Routt County District Court, and the San Miguel District Court. It has been stipulated by parties in Arapahoe County, Douglas County, El Paso County, Jefferson County and Eagle County that I possess the appropriate qualifications. If your case does not involve allegations of Child Abuse or Domestic Violence, this section is moot.
